About MVE

Missouri Vocational Enterprises (MVE) is a part of the Division of Offender Rehabilitative Services under the Missouri Department of Corrections. MVE utilizes offender labor, along with supervisors and administrative staff, to provide products and services to state agencies and other tax-supported entities. Great pride is taken in providing quality, efficiency and timely support to all of our customers.

Missouri Vocational Enterprises (MVE) is responsible for 28 different industries, services and agri-business operations located in ten correctional institutions throughout the state. Since it's beginning over 100 years ago, the program has been revised and expanded. At any one time, MVE employs approximately 1,300 offenders who provide a variety of products and services for sale to state agencies, city and county governments, political subdivisions, state employees and not-for-profit organizations. Its goal is to increase employment and training opportunities for offenders.

Varieties of vocational training programs are provided in various institutions throughout the state. Funding is obtained from the profits of MVE. Programming is directed at teaching offenders applicable work skills and habits prior to their release from prison. Some of the training programs include auto & diesel repair, upholstery, furniture and cabinet construction, carpentry and small engine technology.

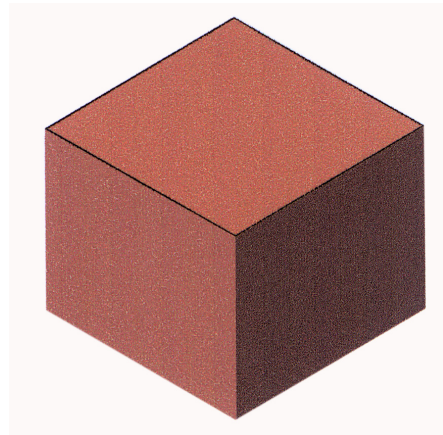

As a benefit to the state and to taxpayers, MVE is self-supportive. Proceeds from the sale of our products are returned to the organizations revolving fund for operational expenses; i.e. salaries, equipment, raw materials, etc.

MVE activities are authorized by Missouri State Statutes, Section 217.575 and 217.580. The statute requires that any products or services produced by MVE must not be purchased from any other source without first obtaining a waiver from MVE. Additionally, orders may be placed directly to MVE, without utilizing the bid process.
